

# Prompt Relay Worksheet

Change one line. Pass it on. Shape the final result into a 3-line haiku (5-7-5). Use this sheet to preserve the visible prompt trail — not private chain-of-thought.

|            |  |
|------------|--|
| Team       |  |
| Challenge  |  |
| Start time |  |

|                                                                             |                                                                                           |                                                                                                                 |                                                                                              |
|-----------------------------------------------------------------------------|-------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------|
| <b>1 · DRAW</b><br>Pick a Challenge Card and write the raw starting prompt. | <b>2 · MODIFY</b><br>Each next teammate adds one style, constraint, or structural change. | <b>3 · RUN</b><br>Your scribe enters the prompt into the relay app (or any AI app); jot the short agent output. | <b>4 · HARVEST</b><br>Copy the final haiku + starting prompt to the wall and vote with dots. |
|-----------------------------------------------------------------------------|-------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------|

|                           |  |                                    |
|---------------------------|--|------------------------------------|
| <b>Leg 1 — Raw Prompt</b> |  | Naive is fine. One clear sentence. |
| PARTICIPANT               |  |                                    |
| PROMPT TYPED              |  |                                    |
| AGENT OUTPUT              |  |                                    |

|                                   |  |                                                        |
|-----------------------------------|--|--------------------------------------------------------|
| <b>Leg 2 — Style / Constraint</b> |  | Example: Shakespearean, potatoes, skeptical, local SF. |
| PARTICIPANT                       |  |                                                        |
| ADDED RULE                        |  |                                                        |
| AGENT OUTPUT                      |  |                                                        |

|                                |  |                                                       |
|--------------------------------|--|-------------------------------------------------------|
| <b>Leg 3 — Shape the Haiku</b> |  | Default: 3 lines, 5-7-5 syllables. Variants optional. |
| PARTICIPANT                    |  |                                                       |
| ADDED RULE                     |  |                                                       |
| AGENT OUTPUT                   |  |                                                       |

|                                 |  |
|---------------------------------|--|
