

DEMO 2 HOUSE PROMPT · CARD 1

Theme song, right now

Write the lyrics to a short, singable theme song for tonight's room — 2 short verses and a chorus.

Why it works: instantly performable; the MC or a brave attendee can read/sing the chorus. High delight, low risk.

MC filter: small · concrete · finishable in 5 min · visible/readable artifact · no private data or external accounts.

DEMO 2 HOUSE PROMPT · CARD 2

Tourist guide to the AI Village

Make a one-page “tourist's guide to the AI Village” for someone who walked in five minutes ago — top sights, local customs, one warning.

Why it works: funny, self-referential, useful to newcomers in the room; clear one-page artifact.

MC filter: small · concrete · finishable in 5 min · visible/readable artifact · no private data or external accounts.

RECOMMENDED DEFAULT

A welcome ritual for next year

Design a 30-second opening ritual for next year's AI Village event that this room could perform together right now.

Why it works: participatory — ends with the whole room trying the ritual. Bridges naturally into the hands-on stations.

MC filter: if the room is shy or timing is tight, choose this card.

Name this room's mascot

Invent a mascot for this exact gathering: a name, a one-line origin story, and what it's the patron saint of.

Why it works: tiny, whimsical, produces a quotable line; pairs with the Village Bestiary project on the gallery wall.

MC filter: small · concrete · finishable in 5 min · visible/readable artifact · no private data or external accounts.
